# A Note from Kohenoor International

---

*Welcome, and thank you for opening our catalog.*

Kohenoor International is a Pakistan-based agricultural export house built on a simple promise: **direct from origin, delivered on specification, every time.** For more than a decade we have shipped dried rose products, spices, seeds, dried flowers, oil seeds, field crops, and tree nuts to tea blenders, cosmetic houses, pharmaceutical formulators, food manufacturers, and wholesale distributors in over sixty-five countries.

What makes us different is not size — it is focus. We work the same lanes repeatedly: Karachi to Jebel Ali, Karachi to Novorossiysk, Karachi to Shanghai, Karachi to Hamburg. We know the paperwork that each market demands. We know which lab the SFDA accepts, which GACC code applies, which EAEU declaration must accompany a herbs shipment. That tacit knowledge translates into faster clearance, fewer demurrage days, and lower landed cost for our buyers.

This catalog is our formal handshake. Inside you will find every product line we ship, the specifications we hold to, the compliance documents we issue per region, the shipping lanes we run, and the payment and order process we follow. If any line item needs tailoring — custom grade, private-label packaging, non-standard lab panels, dedicated sourcing — we will build it with you.

**Let's make the shipment that fits your book.**

— Usman

# Origin Story & Our Farms

## The Rose Belts of Punjab & KPK

Pakistan sits on a latitude band (29–34°N) that matches the historic Damask rose heartlands of Bulgaria, Iran, and Turkey — but with longer sun-hours and cooler pre-dawn windows during the March–May harvest. Our petals and buds are drawn from smallholder rose orchards clustered around Lahore, Kasur, Okara, and the Swat-Mingora highland band in KPK. Harvest begins at 4 AM, when essential-oil concentration in the petal peaks, and ends before 8 AM. Petals reach our drying tunnels within 4 hours of picking.

## The Spice & Seed Basin

Punjab alone produces more than 70% of Pakistan's wheat, 80% of its rice, and the bulk of the national fennel, coriander, cumin, and fenugreek output. Our forage seed base — alfalfa, berseem, ryegrass, sorghum-sudangrass, millet, corn — is drawn from certified multiplier growers in Okara, Sahiwal, and Faisalabad. Turmeric comes from Kasur and lower Punjab; chilgoza (Pakistani pine nuts) from the Sulaiman and Chilgoza forests; pistachios and almonds from Balochistan.

## Why Single-Origin Matters

Many commodity exporters blend lots from multiple farms or re-export from neighboring countries. We don't. Each consignment carries farm-level traceability — field ID, harvest week, drying lot number. If a buyer flags a batch for pesticide residue or moisture, we can trace the exact origin field within 24 hours. This is the same traceability discipline that EU, Japan, and US retailers increasingly mandate.

## Harvest & Processing Calendar

Product	Harvest Window	Peak Export Window
Rose petals & buds	March – May	June onward (dried inventory)
Forage seeds (alfalfa, berseem)	May – August	Year-round
Turmeric	December – February	March onward (dried & powdered)
Fennel, coriander, cumin	March – April	May onward
Rice (basmati)	October – November	December onward (new crop)
Chilgoza pine nuts	October – December	November – March
Oil seeds (sesame, canola)	October – November (kharif); March–April (rabi)	Year-round blends

# Export Network — 65+ Countries

---

We ship to established distributors, importers, brand-owners, and food manufacturers across the following regions. Country-specific compliance documentation is issued per market (see page 27).

## **GCC & MENA**

Saudi Arabia · UAE · Kuwait · Qatar · Oman · Bahrain · Egypt · Jordan · Lebanon · Iraq · Syria · Yemen · Sudan · Morocco · Algeria · Tunisia · Libya

## **Europe (EU + UK + EEA)**

Germany · France · United Kingdom · Netherlands · Belgium · Spain · Italy · Poland · Czechia · Austria · Switzerland · Sweden · Denmark · Norway · Finland · Ireland · Portugal · Greece · Hungary · Romania

## **CIS / EAEU**

Russia · Kazakhstan · Uzbekistan · Belarus · Ukraine · Kyrgyzstan · Tajikistan · Azerbaijan · Armenia · Georgia · Moldova · Turkmenistan

## **East, South & Southeast Asia**

China · Hong Kong · Taiwan · Japan · South Korea · Singapore · Malaysia · Thailand · Indonesia · Vietnam · Philippines · India · Sri Lanka · Bangladesh · Nepal

## **Americas**

United States · Canada · Mexico · Brazil · Argentina · Chile · Colombia · Peru

## **Africa (ex-MENA) & Turkey**

Turkey · Nigeria · Kenya · South Africa · Tanzania · Ethiopia · Ghana · Senegal

*New markets added monthly. If your country is not listed, we ship there — contact us for the specific compliance pack and lane details.*

# ROSA DAMASCENA

---

---

*Flagship Product Range*

# Dried Rose Petals

*Rosa damascena* — sun- & shade-dried, single-origin

<b>HS Code</b>	<b>0603.90.00</b>	<b>MOQ</b>	<b>100 kg</b>
----------------	-------------------	------------	---------------

## Grades Available

**Premium A:** Deep pink/red, intact petals, <2% foreign matter. **Grade B:** Lighter tones, 85%+ intact, cosmetic feedstock. **Culinary cut:** 3–8 mm fragments for tea & confectionery.

## End-Use Applications

Tea blending, potpourri, confectionery (lukum, gulkand, halwa), bath salts, wedding confetti, herbal medicine, cosmetic feedstock.

## Packaging

Retail 50g–1kg pouches. Bulk 5/10/25 kg PE-lined kraft bags. FCL 20 kg compressed bales.

## Technical Specifications

<b>Botanical</b>	Rosa damascena Mill.
<b>Moisture</b>	≤ 10% / ≤ 8% premium
<b>Foreign matter</b>	≤ 2% Premium A / ≤ 5% B
<b>Drying</b>	Shade-dried, low-temperature tunnel
<b>Sulfur/dye</b>	None — unsulfured, undyed
<b>Sterilization</b>	Steam/UV optional
<b>Aroma</b>	Sweet rich Damask rose
<b>Certifications</b>	Halal, COA per batch, EU MRL available

# Dried Rose Buds

*Rosa damascena* — whole unopened buds

<b>HS Code</b>	<b>0603.90.00</b>	<b>MOQ</b>	<b>100 kg</b>
----------------	-------------------	------------	---------------

## Grades Available

**Premium A (1.5–2.5 cm):** Uniform closed buds — premium gifting & tea. **Grade B (1.0–1.5 cm):** Smaller, blending & potpourri. **Commercial:** Mixed sizes, cost-optimized.

## End-Use Applications

Whole-bud flower tea, luxury tins, potpourri, apothecary formulations, wedding favors, confectionery decoration.

## Packaging

Retail 25g–250g tins/jars. Bulk 5/10/25 kg cartons. 40' HC fills 6–8 tons.

## Technical Specifications

<b>Size range</b>	1.0–2.5 cm calibrated
<b>Integrity</b>	≥ 95% whole buds (A)
<b>Moisture</b>	≤ 11%
<b>Foreign matter</b>	≤ 2% Premium / ≤ 4% B
<b>Color</b>	Natural pink-red, undyed
<b>Drying</b>	Shade-dried low-temperature
<b>Shelf life</b>	24 months sealed
<b>Certifications</b>	Halal, COA, phytosanitary

# Rose Petal Powder

*Rosa damascena* — micronized, food & cosmetic grade

<b>HS Code</b>	<b>1211.90.00</b>	<b>MOQ</b>	<b>50 kg</b>
----------------	-------------------	------------	--------------

## Grades Available

**60 mesh:** Coarse, exfoliation. **80 mesh:** Standard food & mask grade. **120 mesh:** Ultra-fine, lotions, supplements. Custom mesh on request.

## End-Use Applications

Face masks, toothpaste, oral-care, herbal capsules, functional food powders (gulkand, rose milk), pharmaceutical excipient, ayurveda/unani formulations.

## Packaging

Retail 50g–500g HDPE jars / aluminum pouches. Bulk 5/10/25 kg poly bags in fiber drums.

## Technical Specifications

<b>Mesh</b>	60/80/120 customizable
<b>Moisture</b>	≤ 8%
<b>Ash</b>	≤ 7%
<b>Aflatoxin B1</b>	≤ 5 µg/kg
<b>Pb</b>	≤ 2 mg/kg
<b>Cd</b>	≤ 0.1 mg/kg
<b>Hg</b>	≤ 0.02 mg/kg
<b>Micro</b>	TPC ≤ 10 <sup>6</sup> CFU/g · Salmonella absent

# Rose Water (Hydrosol)

*Rosa damascena* — steam-distilled aqueous

<b>HS Code</b>	<b>3301.29.00</b>	<b>MOQ</b>	<b>500 L</b>
----------------	-------------------	------------	--------------

## Grades Available

**Food Grade:** Clear, 0.02–0.04% essential-oil carry-over — baking, beverage. **Cosmetic Grade:** Higher aromatic intensity — skincare, hair care. **Concentrated 2x / 5x** on request.

## End-Use Applications

Baking, confectionery (gulab jamun, lukum, kunafa), beverages, traditional medicine (ayurveda, unani, TCM), skincare mists & toners, hair conditioners, religious/ceremonial, perfumery dilution.

## Packaging

Retail 250ml–1L glass/PET. Bulk 5/25/200 L HDPE drums or 1000 L IBC. Private-label bottling available.

## Technical Specifications

<b>Method</b>	100% steam distillation, fresh petals
<b>Appearance</b>	Clear, colorless to pale yellow
<b>pH</b>	4.5 – 5.5
<b>SG</b>	0.995 – 1.005 @ 20°C
<b>Alcohol</b>	0.00% — Halal
<b>Preservative</b>	None / food-grade benzoate optional
<b>Shelf life</b>	18–24 months
<b>Certifications</b>	Halal, COA, cosmetic-grade on request

# AGRI COMMODITIES

---

*Seeds · Spices · Grains · Nuts*

# Forage & Fodder Seeds

Certified forage and pasture seeds produced by our multiplier growers in Okara, Sahiwal, and Faisalabad. Shipped to dairy belts, livestock operations, and grassland restoration projects across GCC, Africa, CIS, and South/East Asia.

Product	HS Code	MOQ	Packaging	Spec Highlights
<b>Alfalfa (Medicago sativa)</b>	1209.21	500 kg	25/50 kg PP bags	Germination ≥ 85%, purity ≥ 98%, dormant & non-
<b>Berseem clover</b>	1209.22	500 kg	25/50 kg PP bags	Fast-establishing, high-protein annual forage
<b>Perennial ryegrass</b>	1209.23	500 kg	25 kg PP bags	Cool-season forage, germination ≥ 90%
<b>Sorghum-sudangrass</b>	1209.29	500 kg	25/50 kg PP bags	High-yield hybrid forage, drought-tolerant
<b>Millet (forage)</b>	1209.29	500 kg	25/50 kg PP bags	Pearl & foxtail varieties
<b>Forage corn / maize</b>	1005.10	1 ton	50 kg PP bags	Hybrid varieties for silage
<b>Forage oat</b>	1004.10	500 kg	50 kg PP bags	Winter forage, high biomass
<b>Rhodes grass</b>	1209.29	500 kg	25 kg PP bags	Tropical/subtropical, salt-tolerant
<b>Cowpea (fodder)</b>	0713.39	500 kg	25/50 kg PP bags	Legume, nitrogen-fixing intercrop

Phytosanitary and germination test reports accompany every shipment. ISTA-aligned seed analysis available on request. Visit [alfalseeds.org](http://alfalseeds.org) and [dairyseeds.com](http://dairyseeds.com) for deeper catalogs.

# Herbs & Spices

Single-origin Pakistani spices from Punjab, KPK, and Balochistan farms. Available whole, cracked, or ground to buyer mesh specification. All lots support EU MRL, GB 2763, and JECFA contaminant limits on request.

Product	HS Code	MOQ	Packaging	Spec Highlights
<b>Turmeric (whole finger)</b>	0910.30	500 kg	25/50 kg PP	Curcumin 2.5–5%, Alleppey & Erode style
<b>Turmeric powder</b>	0910.30	200 kg	25 kg fiber drum	80–100 mesh, curcumin guaranteed on COA
<b>Cumin seed (Zeera)</b>	0909.31	500 kg	25/50 kg PP	Volatile oil ≥ 2.5%, admixture ≤ 1%
<b>Fennel seed (Saunf)</b>	0909.61	500 kg	25/50 kg PP	Sweet variety, aniseed aroma
<b>Coriander seed</b>	0909.21	500 kg	25/50 kg PP	Split ≤ 2%, essential oil 0.5%+
<b>Fenugreek (Methi)</b>	0910.99	500 kg	25 kg PP	Seed & dried leaf available
<b>Red chili (dried)</b>	0904.21	500 kg	10/25 kg cartons	Sindhri, Dundicut, Longi varieties
<b>Red chili powder</b>	0904.22	200 kg	25 kg fiber drum	ASTA color 60–140+, 60–80 mesh
<b>Black pepper</b>	0904.11	200 kg	25 kg PP	Tellicherry & Malabar grade
<b>Cardamom (green)</b>	0908.31	100 kg	10/25 kg cartons	Bold & extra-bold calibrated
<b>Cinnamon sticks</b>	0906.11	200 kg	10/25 kg cartons	Cut & unsplit bark, 10–20 cm
<b>Cloves</b>	0907.10	200 kg	25 kg PP	Whole, head ratio ≥ 80%
<b>Dried ginger</b>	0910.11	300 kg	25 kg PP	Whole & sliced, sun-dried
<b>Garlic (dehydrated)</b>	0712.90	300 kg	20/25 kg carton	Flakes, granules, powder — 80–100 mesh

Custom blends (garam masala, chaat masala, biryani blend, chicken tikka, tandoori) available for private-label export under buyer brand.

# Dried Flowers (Non-Rose)

Cultivated dried flower inventory beyond the rose flagship. Used in tea blending, potpourri, herbal medicine, cosmetic maceration, and event decoration.

Product	HS Code	MOQ	Packaging	Spec Highlights
<b>Hibiscus (Roselle) flower</b>	1211.90	200 kg	10/25 kg kraft	Deep red calyces, whole & cut
<b>Chamomile (German)</b>	1211.90	100 kg	10/25 kg kraft	Whole flower heads, apigenin rich
<b>Lavender flower buds</b>	1211.90	50 kg	5/10/25 kg kraft	Culinary & cosmetic grade
<b>Jasmine flowers (dried)</b>	0603.90	50 kg	5/10 kg cartons	For tea blending, aromatic
<b>Marigold petals</b>	0603.90	100 kg	10/25 kg kraft	Calendula & Tagetes, yellow-orange
<b>Chrysanthemum</b>	1211.90	100 kg	10/25 kg kraft	White & yellow, Chinese tea grade
<b>Cornflower (blue)</b>	1211.90	25 kg	5/10 kg kraft	Deep blue, tea & decor
<b>Butterfly pea flower</b>	1211.90	50 kg	5/10 kg kraft	Color-changing tea flower
<b>Mallow (hibiscus syriacus)</b>	1211.90	50 kg	10/25 kg kraft	Herbal medicine traditional use

Vacuum-packed options available for flowers highly sensitive to humidity. Nitrogen-flushed sachets on request for premium retail SKUs.

# Oil Seeds

Non-GMO oilseeds sourced from certified Punjab and KPK farms. Available whole, hulled, or cold-pressed. Industrial extraction lots shipped in bulk; retail-grade hulled sesame packed for food-manufacturing buyers.

Product	HS Code	MOQ	Packaging	Spec Highlights
<b>White sesame (hulled)</b>	1207.40	1 ton	25/50 kg PP	≥ 99.95% purity, moisture ≤ 6%
<b>Black sesame</b>	1207.40	1 ton	25/50 kg PP	Natural black, unroasted
<b>Sesame seed (natural)</b>	1207.40	1 ton	25/50 kg PP	Sortex, moisture ≤ 6%
<b>Canola / rapeseed</b>	1205.10	5 tons	50 kg PP or bulk	Double-zero (00), erucic acid &lt; 2%
<b>Sunflower seed (oil type)</b>	1206.00	5 tons	50 kg PP or bulk	Oil content ≥ 42%
<b>Mustard seed</b>	1207.50	1 ton	25/50 kg PP	Yellow & brown varieties
<b>Flaxseed / linseed</b>	1204.00	500 kg	25 kg PP	Brown & golden, oil ≥ 40%
<b>Nigella (Kalonji)</b>	1207.99	500 kg	25 kg PP	Black seed, volatile oil &gt; 0.5%
<b>Castor seed</b>	1207.30	2 tons	50 kg PP	For industrial castor oil extraction

Cold-pressed oil versions of sesame, flax, mustard, and nigella available in HDPE drums on request.

# Field Crops & Grains

Pakistan is among the world's top ten producers of rice, wheat, maize, and sugarcane. We export rice flagships (basmati, IRRI, Super Kernel), wheat, maize, pulses, and specialty grains to food-manufacturing and wholesale distributors globally.

Product	HS Code	MOQ	Packaging	Spec Highlights
Basmati rice (Super Kernel)	1006.30	25 tons (FCL)	25/50 kg PP, jute	Aged long-grain, 7.5+ mm
Basmati rice (1121)	1006.30	25 tons (FCL)	25/50 kg PP, jute	Extra-long grain, 8.3+ mm cooked
IRRI-6 / IRRI-9 rice	1006.30	25 tons (FCL)	25/50 kg PP	Long-grain non-basmati
Brown basmati rice	1006.20	10 tons	25/50 kg PP	Dehusked unpolished
Parboiled rice (Sella)	1006.30	25 tons	25/50 kg PP	Basmati & non-basmati
Wheat (milling grade)	1001.99	25 tons	50 kg PP or bulk	Protein 10.5–12.5%
Wheat flour (atta/maida)	1101.00	5 tons	25/50 kg PP	Whole-wheat & refined
Corn / yellow maize	1005.90	25 tons	50 kg PP or bulk	Feed & food grade
Chickpeas (Kabuli)	0713.20	5 tons	25/50 kg PP	7–9 mm, 10–12 mm premium
Chickpeas (Desi)	0713.20	5 tons	25/50 kg PP	Brown variety, split option
Red kidney beans	0713.33	2 tons	25/50 kg PP	Light & dark red
Mung beans	0713.31	2 tons	25/50 kg PP	Whole & split (moong dal)
Lentils (masoor)	0713.40	2 tons	25/50 kg PP	Whole, split & husked

FCL 20'/40' loads standard. Fumigation, phytosanitary, and non-GMO declarations issued per destination market.

# Dried Fruits & Tree Nuts

Premium Pakistani nuts and dried fruits drawn from the Balochistan, KPK, and Gilgit-Baltistan belts. Chilgoza pine nuts are a Pakistan specialty — a rare pine species (*Pinus gerardiana*) found only in the Sulaiman and Chilgoza range.

Product	HS Code	MOQ	Packaging	Spec Highlights
<b>Chilgoza pine nuts (in-shell)</b>	0802.90	100 kg	10/25 kg cartons	Pakistan specialty — <i>P. gerardiana</i>
<b>Chilgoza kernels (shelled)</b>	0802.90	50 kg	5/10 kg vacuum pack	Creamy, long-kernel, premium
<b>Pistachios (in-shell)</b>	0802.51	500 kg	10/25 kg cartons	Balochistan-grown, salted/natural
<b>Pistachio kernels</b>	0802.52	200 kg	5/10 kg vacuum pack	Premium green kernels
<b>Almonds (in-shell)</b>	0802.11	500 kg	10/25 kg cartons	Papershell & hardshell
<b>Almond kernels</b>	0802.12	200 kg	10/25 kg cartons	Natural & blanched
<b>Walnuts (in-shell)</b>	0802.31	500 kg	10/25 kg cartons	Light amber, Gilgit variety
<b>Walnut kernels</b>	0802.32	200 kg	10/25 kg cartons	Light & light amber halves
<b>Apricot (dried, whole)</b>	0813.10	500 kg	10/25 kg cartons	Hunza & Skardu, SO <sub>2</sub> -free option
<b>Apricot kernels (sweet)</b>	1212.99	200 kg	25 kg PP	Culinary/cosmetic grade
<b>Dried figs</b>	0804.20	300 kg	10/25 kg cartons	Natural sun-dried
<b>Dates (Aseel, Deglet)</b>	0804.10	1 ton	10/25 kg cartons	Sindh-grown, pitted/unpitted

Aflatoxin-controlled lots shipped to EU/Japan/US on request. Vacuum-packed and nitrogen-flushed options for premium retail SKUs. Temperature-controlled reefer containers available for high-moisture dried fruits.

# INDUSTRIES WE SERVE

---

---

*End-to-end sourcing for seven buyer segments*

# Tea Blending

---

Tea blenders are our single largest buyer category globally. Our rose petals are cut to 3–8 mm for uniform cup distribution, our rose buds are calibrated for visual signature, and our dried flowers (hibiscus, chamomile, jasmine, cornflower) complete classic and modern blends.

## Products Most Requested

Dried rose petals (culinary cut), dried rose buds (premium A/B), hibiscus, chamomile, jasmine, cornflower, butterfly pea, lavender, chrysanthemum.

## Typical Buyer Profile

Artisan loose-leaf houses, multinational tea brands (private label), supermarket own-label, Russian/Turkish/Gulf tea factories, Chinese specialty tea blenders, wellness/nutraceutical tea brands.

## Grade & Specification Notes

Pesticide-residue-compliant lots (EU MRL / Japan Positive List / GB 2763). Low-moisture ( $\leq 8\%$ ) cut size consistent across batches. Food-grade sterilization (steam/UV) on request. ISO-22000 HACCP-aligned packaging.

# Cosmetics & Personal Care

---

Cosmetic formulators rely on our rose water, rose petal powder, essential-oil precursors, and specialty botanicals for skincare, hair care, and body care. We supply both food-grade (dual-use) and cosmetic-grade lots with extended aromatic profiles.

## Products Most Requested

Rose water (cosmetic grade), rose petal powder (60–120 mesh), hibiscus powder, chamomile extract feedstock, lavender buds, marigold petals, sesame oil (cold-pressed), almond oil, jojoba (on request).

## Typical Buyer Profile

Indie cosmetic brands, private-label contract manufacturers, luxury skincare houses, hair-care brands, spa/hotel chains (amenity line), Halal cosmetic brands across MENA, natural/organic brands.

## Grade & Specification Notes

Low microbial load, heavy-metal tested, INCI documentation, MSDS, CoA per batch, stability data on request. Preservative-free rose water available with cold-chain shipping recommendations. Private-label bottling at our facility.

# Food & Confectionery

---

Confectioners and food manufacturers use our rose, saffron-adjacent, and spice lines across lukum, gulkand, halwa, ice cream, chocolate truffles, jellies, bakery, and functional foods. Food-grade traceability is our baseline.

## Products Most Requested

Dried rose petals (culinary cut), rose petal powder (80 mesh), rose water (food grade), cardamom, saffron (via partner), turmeric, fennel, cinnamon, dried apricots, figs, dates, almonds, pistachios.

## Typical Buyer Profile

Middle Eastern sweet houses (baklava, lukum, maamoul), Indian sweet brands (mithai), chocolate truffle makers, ice cream manufacturers, bakery chains, jelly/fruit-preserve producers.

## Grade & Specification Notes

Food-grade HACCP-aligned packaging, GMP processing, full microbiology COA, aflatoxin & pesticide panels, allergen statements, kosher/Halal on request.

# Herbal Medicine & Nutraceuticals

---

Ayurveda, Unani, TCM (Traditional Chinese Medicine), and modern nutraceutical formulators use our dried botanicals and spice powders as active ingredients or excipients in capsules, tablets, syrups, and functional blends.

## Products Most Requested

Rose petal powder, turmeric powder, fenugreek seed, nigella (kalonji), black pepper, ginger, hibiscus, chamomile, mallow, fennel, coriander, cumin.

## Typical Buyer Profile

Ayurvedic formulators (India, global), Unani houses (Pakistan, Middle East), Chinese herbal manufacturers, US/EU nutraceutical brands (curcumin, black seed oil, turmeric blends), pharmaceutical excipient buyers.

## Grade & Specification Notes

Pharmacopeial-grade specifications (IP, BP, USP, ChP where applicable), active-compound COA (curcumin percentage, thymoquinone percentage, etc.), pesticide & heavy-metal screens, micro-testing per pharmacopeia, traceability per lot.

# Perfumery & Fragrance

---

Rose is the queen of perfumery — and our *Rosa damascena* is steam-distilled into hydrosol on-site. We supply rose water concentrates and petal material for maceration to artisan and industrial perfumers globally.

## Products Most Requested

Rose water (cosmetic + perfumery grade, 2x and 5x concentrated on request), dried rose petals (Premium A for maceration), rose petal powder, jasmine flowers, lavender, chamomile, essential oils via partners (rose otto, lavender EO, etc.).

## Typical Buyer Profile

Artisan perfume houses, niche fragrance brands, industrial fragrance compounders, bakhoor / oud blenders (Middle East), incense manufacturers, scented candle makers, aromatherapy brands.

## Grade & Specification Notes

GC-MS composition report on essential-oil-bearing lots, citronellol/geraniol/nerol/phenylethyl alcohol profiling, alcohol-free Halal-compliant options, IFRA-aligned documentation where applicable, IBC totes for industrial-scale orders.

# Beverage & Wellness

---

Beverage formulators extend beyond tea — rose water makes its way into cordials, tonics, functional shots, infused waters, RTD (ready-to-drink) wellness lines, and milk-based drinks. Our food-grade rose water is the workhorse here.

## Products Most Requested

Rose water (food grade, concentrated options), rose petal powder (for functional powders), hibiscus (for RTD teas), cardamom, ginger, turmeric, cinnamon, fennel, saffron-adjacent lines.

## Typical Buyer Profile

Craft beverage brands, functional wellness startups, RTD iced-tea manufacturers, non-alcoholic spirit brands, hotel/restaurant mixology suppliers, milk-drink manufacturers.

## Grade & Specification Notes

Food-grade certification, microbiology COA per batch, clean-label positioning (no preservatives default, benzoate on request), HS-3301 or HS-2202 depending on formulation, private-label bottling at our facility for finished RTDs.

# Wedding, Events & Ceremonial

---

Dried rose petals and buds have a second global market: weddings, religious ceremonies, cultural festivals, and hospitality. We ship pre-packed retail pouches, decorative tins, and loose bulk for florists and event planners.

## Products Most Requested

Dried rose petals (wedding confetti grade), dried rose buds, mixed-color petal blends, marigold petals (Hindu ceremonial), jasmine (wedding garlands), potpourri mixes.

## Typical Buyer Profile

Wedding planners and florists, religious goods distributors (Islamic, Hindu, Sikh, Christian), bath-and-body brands using petals in products, hotel chains (welcome turndowns, spa service), specialty retailers, e-commerce wedding platforms.

## Grade & Specification Notes

Dye-free and unsulfured declarations for food-adjacent use, biodegradable confetti certification, custom color blends (red/pink/white/yellow), private-label pouching with custom printing, seasonal inventory reservations (peak wedding months March–June and September–November).

# Compliance & Documentation Matrix

Each consignment ships with a document pack tuned to the destination market. Documentation is issued within 72 hours of payment confirmation, in English plus native-language translation on request.

Region	Standards / Bodies	Documents Issued
<b>GCC / MENA</b>	SFDA, GSO, ESMA (UAE), Moroccan ONSSA	Phytosanitary · COA · Halal · COO · HS · Arabic translation
<b>EU / UK / EEA</b>	EU Reg. 396/2005 (MRLs), EC 852/2004, FSMA	Phytosanitary · EU MRL lab report · COA · COO EUR.1
<b>Russia / EAEU</b>	TR TS 021/2011, TR TS 029/2012, Rosselkhoznauch	Phytosanitary · EAEU COA · Declaration of Conformity
<b>China / HK / TW</b>	GB 2762, GB 2763, GB 29921, GACC	Phytosanitary · Form E (CPFTA) · GACC-aligned COA
<b>USA / Canada</b>	FDA FSMA, CFIA phytosanitary, USDA APHIS	Phytosanitary · FDA Prior Notice · FSVP · COA
<b>Japan / Korea</b>	Japan FSA (Positive List), Korea MFDS	Phytosanitary · Pesticide residue report · COA
<b>Africa</b>	KEBS (Kenya), SON (Nigeria), SANS (S.Africa)	Phytosanitary · COA · SGS inspection on request
<b>ASEAN</b>	Thai FDA, BPOM (Indonesia), FDA Philippines	Phytosanitary · Halal · COA · ASEAN COO Form D
<b>Global / Halal</b>	JAKIM, GCC Halal, MUI-aligned	Halal certificate, audit trail, dedicated line

## Test Panels Available On Request

- **Pesticide residue:** GC-MS / LC-MS — full EU MRL panel, GB 2763 full panel, Japan Positive List
- **Heavy metals:** ICP-MS — Pb, Cd, Hg, As, Cu, Zn
- **Aflatoxin B1/B2/G1/G2:** HPLC / ELISA
- **Ochratoxin A:** HPLC
- **Microbiology:** TPC, coliforms, E. coli, Salmonella, Listeria, yeast & mold
- **Essential oil composition:** GC-MS for rose, cardamom, cumin, fennel
- **Curcumin / thymoquinone / piperine:** HPLC active-compound assay

# Shipping Lanes & Logistics

Export origin: Karachi Port (KICT / QICT terminals). FOB, CFR, CIF, DAP, and DDP available on most lanes. Air freight for samples and urgent orders via Lahore (LHE), Karachi (KHI), and Islamabad (ISB) airports.

Destination Port	Sea Transit	Air Option	Typical Incoterm
Jebel Ali (UAE)	3–5 days	1–2 days	FOB / CIF / DAP / DDP
Dammam / Jeddah (Saudi)	5–14 days	1–2 days	FOB / CIF
Doha / Kuwait / Muscat	4–8 days	1–2 days	FOB / CIF
Istanbul / Mersin (Turkey)	14–18 days	3 days	FOB / CIF
Hamburg / Rotterdam (EU)	25–32 days	3–5 days	FOB / CIF / DAP
Felixstowe / Southampton (UK)	25–32 days	3–5 days	FOB / CIF / DAP
Piraeus / Genoa / Valencia	20–26 days	3 days	FOB / CIF
Novorossiysk (Russia)	28–35 days	5–7 days	FOB / CIF
Aktau (Kazakhstan, via Iran)	25–30 days	5–7 days	FOB / CIF
Shanghai / Ningbo / Qingdao	18–24 days	5–7 days	FOB / CIF
Hong Kong / Shenzhen	14–18 days	3–5 days	FOB / CIF
Busan (Korea) / Yokohama (Japan)	20–28 days	5–7 days	FOB / CIF
Port Klang / Singapore	10–14 days	3–5 days	FOB / CIF
Jakarta / Ho Chi Minh	14–18 days	3–5 days	FOB / CIF
New York / Newark / Savannah	28–35 days	3–5 days	FOB / CIF
Los Angeles / Long Beach / Oakland	30–38 days	3–5 days	FOB / CIF
Toronto / Montreal / Vancouver	30–40 days	3–5 days	FOB / CIF
Santos (Brazil) / Buenos Aires	35–45 days	5–7 days	FOB / CIF
Mombasa / Dar es Salaam / Durban	18–28 days	3–5 days	FOB / CIF

# Payment & Order Process

## Payment Options

Option	Structure	Best For
T/T 30/70	30% advance on PI, 70% against B/L copy	Established relationships, repeat buyers
Irrevocable L/C at sight	100% via confirmed L/C, documents against payment	First orders, large values, regulated markets
T/T 50/50	50% advance, 50% before shipment	New buyers, smaller LCL orders
D/P (Documents Against Payment)	Bank-routed documents, payment triggers release	Mid-trust relationships
Alibaba / escrow platforms	Marketplace-held funds released on delivery	First-order buyers on marketplaces
Open account	Available for verified long-term buyers only	Partnership-grade clients

## Order Process — Inquiry to Delivery

1	<b>Inquiry</b>	Buyer sends RFQ with product, grade, volume, destination. Reply within 24 hrs.
2	<b>Sample</b>	Complimentary 50–100g sample via DHL/FedEx (buyer covers courier).
3	<b>Proforma Invoice</b>	Upon spec approval, PI issued with pricing, packing, Incoterm, payment terms.
4	<b>Advance / L/C</b>	Buyer remits T/T advance or issues L/C; production scheduled.
5	<b>Production &amp; QC</b>	Batch processing, in-house QC, third-party lab testing as required.
6	<b>Documentation</b>	Phytosanitary, COA, COO, Halal, Commercial Invoice, Packing List, B/L.
7	<b>Shipment</b>	Vessel booking, FCL/LCL loading, export customs clearance, B/L to buyer.
8	<b>Post-shipment</b>	Tracking link, ETA updates, arrival coordination with buyer's agent.

# Quality Assurance & Lab Testing

Every batch passes through a four-stage QC pipeline before release. We retain traceable samples of every consignment for 24 months to support buyer reclaim, audit, or regulatory investigation.

<b>Stage 1</b>	<b>Field & Harvest Selection</b>	Hand-picked in pre-dawn window (4–7 AM) at peak compound concentration. GAP-compliant.
<b>Stage 2</b>	<b>In-process QC</b>	Moisture, color, foreign-matter, aroma checks at drying, grading, and sieving stations.
<b>Stage 3</b>	<b>Third-party Lab Testing</b>	ISO-17025 labs. Panel: pesticides (EU MRL / GB 2763), heavy metals (ICP-MS), aflatoxin.
<b>Stage 4</b>	<b>Final Release & Packaging</b>	QM sign-off. Batch release; material is metal-detected, UV-treated on request, weighed, v

## Processing Infrastructure

- Solar & tunnel drying systems for moisture-controlled botanicals
- Food-grade hammer mills and pin mills for powder production (60–150 mesh)
- Sieve calibrators for bud and petal grading
- Steam distillation units for rose water (stainless-steel, food-contact grade)
- Metal detection on finished goods
- UV and steam sterilization capacity
- HDPE / fiber drum / PP / kraft / vacuum / nitrogen-flush packaging lines

# Certifications & Memberships

Kohenoor International operates under a stack of Pakistan-issued and international certifications. All certificates are reissued per batch where required.

Certification / Registration	Scope
<b>DPP Pakistan (Department of Plant Protection)</b>	Phytosanitary certificate issuer, export plant-health authority
<b>TDAP (Trade Development Authority of Pakistan)</b>	Registered exporter, trade-fair access
<b>FPCCI (Federation of Pakistan Chambers of Commerce)</b>	Chamber membership, exporter standing
<b>Halal Certification (JAKIM-aligned)</b>	Products halal-compliant across all food and cosmetic lines
<b>ISO-9001-aligned QMS</b>	Quality management system internally audited
<b>HACCP-aligned food safety</b>	Powder line, rose water line, spice line
<b>ISO-22000 (food safety mgmt) — in progress</b>	Target: 2026
<b>Pakistan Single Window (PSW)</b>	Electronic export documentation
<b>Kosher certification</b>	Available on request per product line
<b>Organic certification (EU / USDA NOP)</b>	Available per product line on request, managed via partner
<b>FDA Facility Registration (for US shipments)</b>	Registered FCE / SID where applicable
<b>Custom (SGS / Bureau Veritas / Intertek)</b>	PSI (pre-shipment inspection) on request

# Contact & Request for Quotation

*Let's build the shipment that fits your book.*

To receive a proforma invoice, send us the following via WhatsApp or email — we respond within 24 hours (typically 2–4 hours during Pakistan business hours, GMT+5).

Field	Example
Product & grade	Dried rose petals — Premium A — tea-blending grade
Quantity	500 kg, 1 ton, 1× 20' FCL, annual volume
Destination port	Jeddah / Novorossiysk / Shanghai / Hamburg / New York
Incoterm	FOB Karachi / CIF destination / DAP
Packaging preference	Retail 100g / bulk 25 kg / private-label printed
Delivery timeline	Immediate / within 30 days / monthly standing
Payment preference	T/T 30/70 / L/C at sight / escrow
Buyer information	Company, country, VAT/tax ID, clearing agent if known
Any compliance specifics	EU MRL panel / GB 2763 full / Halal audit / custom COA
